4-57/1 Lingannapet, Rajanna Siricilla, India

SUMMARY

I am an undergraduate student pursuing a Bachelor of Technology in Computer Science Engineering. Passionate about enhancing my skills in data analysis and machine learning. With a strong foundation in programming languages and excellent communication skills, I am eager to learn and contribute to the organization's growth

EDUCATION

Bachelor of Technology

Indur Institute of Engineering and Technology

08/2021 - Present Siddipet, India

Intermediate

Gurukrupa Junior College

06/2019 - 05/2021 Siddipet, India

SSC

Sri Nikhileswarananda High School

06/2018 - 04/2019 Siddipet, India

LANGUAGES

English
Native

Telugu
Native

KEY ACHIEVEMENTS

Brain O Vision

Certificate Of Participation International Level
Student Workshop on Data Science Using Python

STRENGTHS

Good Communication Skills

Good communication skills

Team Management

Ability to manage teams effectively

SKILLS

CSS

HTML

JavaScript

Microsoft Excel

Microsoft Word

Python Basics

Java

PROJECTS

Mini project on Patient's Health Analysis using Machine Learning

10/2024 - 01/2025

Built a predictive model to analyze patient's health data using machine learning algorithms

- We can predict patient health risks with over 85 % accuracy, enabling early identification of potential issues.

INTERESTS
